EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Grace Hsu on 7/7/04. The application has been amended as follows: at the end of claim 8 add a period, ".".

Statement of Reasons for Allowance

2. Claims 1-11 are allowed. The following is an Examiner's statement of reasons for allowance: Applicants amendment to the specification in the passage spanning pages 2 to 3 concerning R³ broadens the meaning of this variable by inserting the word optionally. However, the concept of optional substitution on R³ was present in claim 1, as filed. Thus, the amendment does not introduce new matter. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

3. Information regarding the status of an application should be obtained from the Patent Application Information Retrieval (PAIR) system. Status information
